

Hello Year 4!

This project in Art is all about...

## Pattern

Lots of artists and designers use patterns in their work. I am sure you have lots of patterns in your homes - they are everywhere once you start looking!

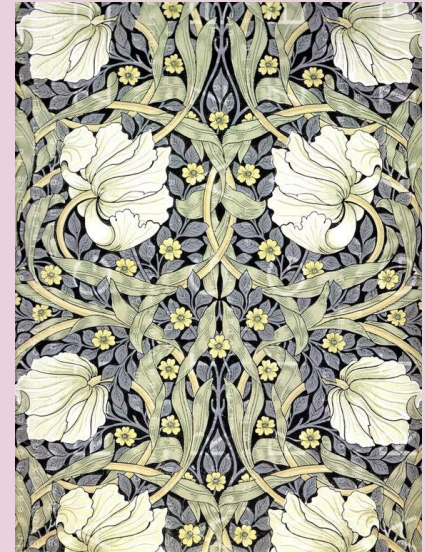

**During this project we are going to look at several artists and designers who explore pattern in their work!**

**Yayoi Kusama**

**Bridget Riley**

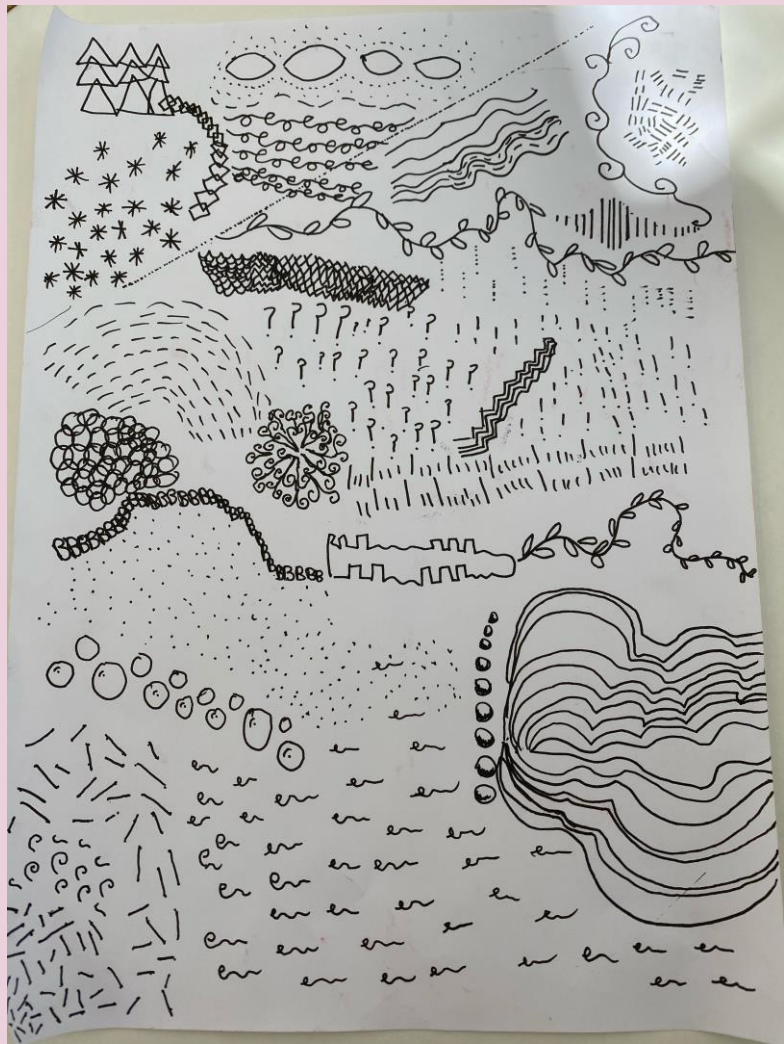

**William Morris**

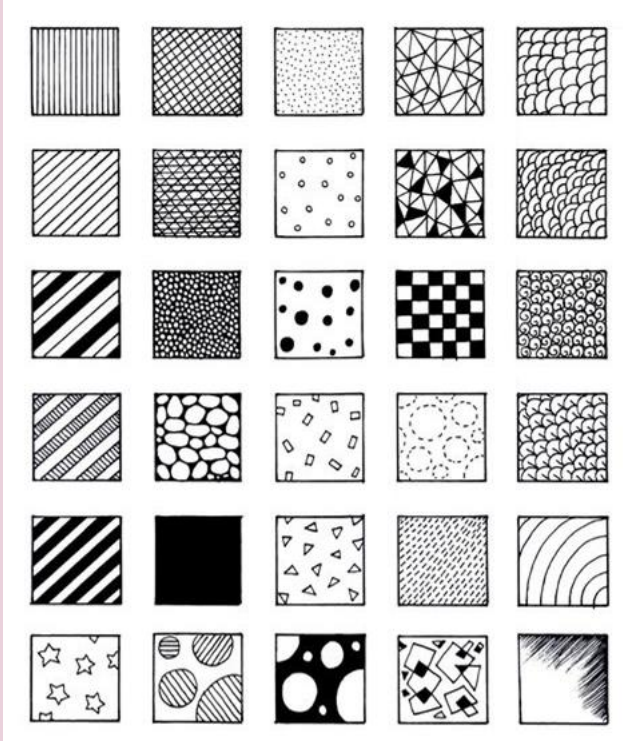

## Pattern Task - Week 1

- Create a page of patterns, aim for at least ten!
- Use an A4 piece of white paper and a black pen.
- Include dots, dashes, zigzags, wavy lines, crosses, swirls, triangles, fish scales etc!
- Challenge yourself to see how many patterns you can create.
- If you are feeling stuck, try drawing the same pattern big and small. For example, lots of teeny tiny dots, and then some larger big circles grouped together.
- Fill the page! There shouldn't be too much white space left once you have finished.

If you run out of ideas, use the patterns on this slide to give you some inspiration!
