

Leopold Initiatives!

School counsellors:

This half term the school counsellors created an anti-bullying poster. We are a bully free school and believe that kindness is key to creating a happy, safe and meaningful learning environment for all of us to grow in

Ambassadors:

We have really enjoyed being part of Ks1 learning. We have supported the children with their learning and it has been so rewarding to see them show resilience in class.

Eco warriors:

This half term we purchased food recycling bins for every classroom. We have also got compost bins which we cannot wait to use so that we can make our very own compost.
