

MATHS		HISTORY		
<p>Place value</p>  <p>We are learning about place value, rounding and comparing numbers and writing numbers using words and digits. We will also look at the four main operations, exploring and solving practical problems using a concrete, pictorial, abstract approach.</p>		<p><b>Migration and conflict (SOMALIA)</b></p> <p>We will be studying Migration and Conflict, with a focus on Somalia, significant local businesspeople, and the reasons for immigration.</p> 		
ENGLISH		RSE	Art and DT	PE
 <p>We will be reading a wide range of books to improve our skills in using inference, asking questions to further our understanding, making predictions and locating information in non-fiction texts.</p> <p>In writing, our focus text will be Pig Heart Boy by Malorie Blackman and. We will be writing for a range of purposes including diaries, persuasive writing, newspaper reports and poetry.</p>		<p><b>How to manage conflict and seek advice.</b></p> <p>Looking at helping students to develop skills and conflict management. They will also learn how to manage their own personal emotions.</p>	<p><b>Painting: Collage painting</b></p> <p>Areas of focus - We will be looking at the work of Kehinde Wiley, using soft pastels to create self-portraits inspired by Wiley's paintings, which also include William Morris-style patterns.</p> 	<p><b>Rugby</b></p> <p>This term the children will be looking at invasion games. This is the idea of using attack and defence. They will do this through Tag rugby which is new to Leopold this year!</p>  <p>Our PE day is Monday</p>
RE		MUSIC	SCIENCE	
<p><b>Who is to blame if we do wrong?</b></p> <p>We are examining some questions about responsibility for actions: the differences between personal and communal responsibility, coming of age, confession, forgiveness and the importance of charity.</p>		<p><b>Ukulele Skill Development/Recorders</b></p> <p>We will continue to work with Musicscool, learning a range of instruments, reading music and learning new rhythms</p>	<p><b>Forces</b></p> <p>In this unit children learn about a variety of forces including gravity, air resistance, water resistance and friction. They will explore how simple mechanisms can be used to make work easier. They will observe and explain how gravity causes an unsupported object to fall towards the Earth. Children will carry out a range of activities to identify the effects of friction, air resistance, and water resistance and will consider ways of reducing water resistance through streamlining.</p>
