Dear Parents/Carers

I would like to begin by extending my utmost excitement at a new workshop Leopold Primary will be taking part in during the Summer 2 term. Leopold will be partnering with JuniorSTEM, an organisation that goes into schools to promote science, technology, engineering and mathematics. Every class will have the opportunity to work with and build different mechanisms using Lego. This will tie into and help steer our Summer 2 Design and Technology theme of mechanisms.

In addition to this, the whole school will also be taking part in a second STEM project on the 12<sup>th</sup> and 13<sup>th</sup> June linking Science with Technology learning about Robotics, Space and Farming.

This is an exciting opportunity for all students and we kindly ask for parents and carers to provide a **£2** payment to help support the school with this amazing opportunity. Please make a payment on Parent Pay as soon as you are able to.

Thank you so much for your continued support,

Montana Maher
