**History**

Today is **St Swithin's Day** - He was an Anglo-Saxon Bishop and the story goes, that if it rains today it will rain for 40 days and if it is sunny it will be sunny for 40 days (let's hope it is true - look at the blue sky!)

***"St Swithin's Day, if it does rain  
Full forty days, it will remain  
St Swithin's Day, if it be fair  
For forty days, t'will rain no more"***

The old poem goes like this...

It will be featured on Newsround so please ensure that you tune in to watch it with the children.

### WINDRUSH

<https://www.bbc.com/news/uk-england-london-57827941>

There is a monument for Windrush being erected at Waterloo - whilst a committee will make the final decision the public can vote. If you wanted to look at them with your children and cast a vote the link is above.

Year 4 created a history topic which investigated the Windrush generation and the NHS as their history is intertwined. This will be a Year 4 topic in AUT 1 for future academic years. David Olusoga has done a documentary on this topic which is coming out on the BBC this year. Definitely worth a watch and perhaps we gave him the inspiration!!! :)

### **COVID -19 Updates**

The Government has announced more details about step 4, the final stage of the roadmap, which is expected to start on 19 July. It is there vital that we continue to adhere to government guidance in term of good hygiene practice, mask wearing and social distancing. Please visit the following website for further information:

**Coronavirus (COVID-19)**

**To keep the school community safe; it is critical that families adhere to the follow guidance.**

Under **no** circumstance should you send your child to school:

- If your child is symptomatic
- If someone in your household is symptomatic
- If you have been in contact with someone who has tested positive for COVID-19

Remember that if **you, your child or anyone in your household** have symptoms of COVID-19 and are awaiting the results of a test, **do not** send your children into school. Children must remain at home until the results of the test have been given.

Before making the journey into school, you must stop and ask yourself these questions, do **you, your child or anyone in your household** have a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia).

If you answer YES to any of the above, you must not come to school. You must call 111 for advice.

If your child becomes unwell during the school day they will be sent home and are advised to follow the guidance for households with possible or confirmed coronavirus (COVID-19) infection.

This sets out that they must:

- self-isolate for at least 10 days
- arrange to have a test to see if they have coronavirus (COVID-19)

**If your child has:**  
a high temperature  
a new, continuous cough, or  
a loss of, or change in, sense of  
smell or taste

This could be a sign of  
coronavirus

**If your child has:**  
a runny nose, is sneezing or  
feeling unwell  
**But they don't have:**  
a high temperature  
a new, continuous cough, or  
a loss of, or change in,  
sense of smell or taste

These are  
**not normally symptoms of  
coronavirus**

Seek advice from a pharmacy, dial  
111 or see your GP

Yours faithfully,

Ms Obinwanne
