Progression Map

Level Expected at the End of KS2

Deep Dive into Spanish: Whole-School Progression Map has been written to support practitioners who have chosen to adopt the PlanIt scheme in part or in full. The curriculum progression maps for Languages comprehensively show the progression of skills and knowledge from year 3 to year 6.

Key Stage 2 National Curriculum Expectations

Pupils should be taught to:

- listen attentively to spoken language and show understanding by joining in and responding;
- explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words;
- engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help;
- speak in sentences, using familiar vocabulary, phrases and basic language structures;
- develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases;
- present ideas and information orally to a range of audiences;
- read carefully and show understanding of words, phrases and simple writing;
- appreciate stories, songs, poems and rhymes in the language;
- broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary;
- write phrases from memory, and adapt these to create new sentences, to express ideas clearly;
- describe people, places, things and actions orally and in writing;
- understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

Please note that our Spanish Progression Map will continue to be updated as further PlanIt units are published.

Intent

PlanIt Spanish offers a coherently planned sequence of lessons, ensuring progressive coverage of the skills required by the national curriculum. Our chosen themes - Our Past, Let's Explore a Spanish Town and Discovering Spain - provide an introduction to the culture of Spanish-speaking countries and communities. It aims to foster children's curiosity and help deepen their understanding of the world. A linear curriculum has been chosen to allow an opportunity for children to gradually build on their skills. PlanIt Spanish enables children to express their ideas and thoughts in Spanish, providing opportunities for them to interact and communicate with others for practical purposes both in speech and in writing. We aim to expose children to authentic Spanish and offer regular opportunities to listen to native speakers.

The intent in Lower KS2 is that children acquire basic skills and understanding in Spanish with a strong emphasis placed on developing their Speaking and Listening ability. These will be further developed in Upper KS2 alongside Reading and Writing skills, gradually progressing to more complex language concepts and greater learner autonomy.

Through our PlanIt Spanish scheme, we aim to inspire pupils to develop a love of languages and to expand their horizons to other countries, cultures and people. We intend to help children grow into curious, confident and reflective language learners and to provide them with a foundation that will equip them for further language studies.

Implementation

Lessons are sequenced so that prior learning is considered and opportunities for revision of language and grammatical concepts are built into lessons. Our lessons and resources help children to build on prior knowledge alongside the introduction of new skills. A series of lessons are suggested, providing structure and context as well as offering an insight into the culture of Spanish-speaking countries and communities. The introduction and revision of key vocabulary and grammatical structures is built into each lesson. This vocabulary is then included in display materials and additional resources so that children have opportunities to repeat and revise their learning. PlanIt Spanish has been designed by our language specialist teaching team, including Spanish native speakers, so that teachers feel confident and supported. All of our lesson packs contain adult guidance, accurate language subject knowledge and accompanying audio materials.

Impact

Using the full range of resources, including display materials, will increase the profile of languages across school. The learning environment will be consistent with key Spanish vocabulary displayed, spoken and used by all learners. Whole-school and parental engagement will improve through the use of language-specific home learning tasks and opportunities suggested in lessons and overviews for wider learning. We want to ensure that Spanish is loved by teachers and pupils across school, therefore encouraging them to embark on further language studies. Impact can also be measured through key questioning skills built into lessons, child-led assessment such as success criteria grids, jigsaw targets and KWL grids and summative assessments aimed at targeting next steps in learning.
