

Wednesday 23rd June 2021

Dear Parents and Carers,

As you are probably aware, the Delta variant of COVID 19 is now the dominant variant in Brent and the UK.

A number of local schools have been heavily affected by a rise of cases which has led to school closures. It is important that we remain vigilant and cautious for the remainder of the summer term.

The Delta variant appears to present differently from previous variants.

Previous variants have three main identifiable symptoms:

- High Temperature
- Loss and/or change of taste and smell
- A new continuous cough

From reports in India, where the Delta variant was first reported, have state identified that the Delta strain can also display the following symptoms:

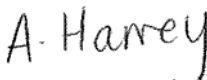

- Stomach pain
- Nausea
- Vomiting

As a precautionary measure, we ask that pupils are not sent to school and tested if they display any of the main or reported Delta variant symptoms.

Any pupil displaying these symptoms will be sent home and will have to be tested before returning to school.

We thank you for your continued support in keeping the school community safe.

Kind regards,

Angela Harvey
Head of School HH

Nkechi Obinwanne
Head of School GR
