Dear Parents/Carers,

Christmas Productions

This letter is to remind you that due to new COVID guidance released, parents will be unable to attend the school for the upcoming Christmas productions, starting this week.

In place, the performances will be recorded and uploaded to the school YouTube and Seesaw accounts. The video link will be shared to relevant parents and removed after 48 hours.

This is a polite reminder that as per GDPR and safeguarding guidelines, the video links are not to be shared out on social media.

The events will be supported and watched by senior leaders. I do understand how much of a disappointment this is, but we must keep the school community safe and the school open.

Please see a summary of upcoming events:
