Part : Pupil premium strategy plan

Statement of intent

Pupil Premium is additional funding which is allocated to schools on the basis of the number of pupils eligible for free school meals

(FSM) at any point in the last six years, or have been looked after continuously for more than six months. The funding is aimed at addressing any inequalities that exist between disadvantaged pupils and their peers.

We recognise the fact that PP pupils are not a homogeneous group and cover a wide range of needs.

As such the strategies we use to raise attainment will take this group and individual needs fully into account.

- 1. We will use high quality teaching and learning as the preferred way to narrow the gaps in attainment in the first instance*
- 2. We will also use high quality interventions with proven evidence of impact to assist our pupils who need additional support in a time limited way*
- 3. We will use the Pupil Premium for all year groups not just those taking examinations at the end of the year*

Key Principles

- Achievement for all students, including those from disadvantaged backgrounds, is best fostered in a school with an ethos of high expectations, where high quality teaching and learning is at the heart of all we do.*
- The curriculum is designed, tailored and regularly reviewed to ensure it meets the needs of all students*
- Teaching and learning in the classroom is the main focus for raising achievement*
- Additional targeted interventions support and complement class-based provision*
- Students from disadvantaged backgrounds benefit fully from school wide opportunities to develop the cultural and social capital needed to support transition to their next stage of education, training or employment*

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.
